Re: Revere Chemical Site, PA

Dear Ms. Luborsky:

This letter is in response to your letter dated August 21, 1986, and our telephone conversation of September 10, 1986.

The response that follows is in the same numbering sequence as is contained in your letter.

- 1a. The North Carolina Works is located at 3300 Lexington Road, N.E., Winston-Salem, North Carolina 27012. The Greensboro Shops was a satellite to the North Carolina Works, which was closed in 1976.

To date we have been unable to ascertain whether any material from either the North Carolina Works or the Greensboro Shops was sent to the Revere Chemical Site in Pennsylvania. We are continuing in our efforts to determine the answer to this question.

- b. We have not been able to locate any contracts to date, but are continuing in our efforts to locate them.
- c. The Credit Organization does not have a file pertaining to Echo, Inc. or this site.
- 2a. The titles of the persons identified at the time the memo was written follow. Messrs. Wilkes and

Burke have since retired. The present status of Mr. Ertz is unknown.

Mr. Donald P. Wilkes
General Manager
Allentown Works

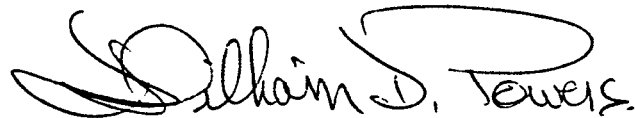

Mr. William E. Burke
Vice President, Manufacturing
Western Electric Company

Mr. Frank Ertz
Manager
Public Affairs Staff
Bell of Pennsylvania

- 3a. We do not know of any material that was transhipped from the Revere Chemical site at Reidsville, NC to its site at Doylestown, PA.
- b. We are continuing with our attempts to determine whether any materials were shipped from our North Carolina facilities to the Revere Chemical Site, PA.
- 4a. The entry in question means that 207 drums of chemicals, each containing 55 gallons, were sold to Revere Chemical.

We shall communicate with you further after we ascertain the information indicated above.

Very truly yours,

WILLIAM D. POWERS
